Romantic Poetry

Tailored to Your Romantic Occasion

by ShySpeaks

Your Original Story + Original Lyrics & Music

Do you want to enhance your romantic occasion by adding a heart-warming, personalized poetic performance? Then Custom Romantic Poetry, created by ShySpeaks is just for you. Let's face it, it can be a difficult task to articulate the depth of your love story, and you've been told that "where you can't find the words, music speaks". So you scroll your memory for a ready-made song that "fits" as closely as possible, but there's always something a little off, music tempo or lyrics that don't exactly match your experience. Well Shy wants to create something timeless, magical, and "Just Right" for you.

HERE'S HOW IT WORKS:

1. **Consultation**. Shy will personally consult with you and your significant other to gather all of the important details of your love story and experience as well as determine the unique feel and essence of the poem & music. Think of it as a fun interview!
2. **Compose**. Then she will compose the tempo, melody, and write the lyrics. You'll get to review it via email. After she receives your approval, ShySpeaks, will prepare her arrow.
3. **Create**. Your poem is recorded, edited, mixed, and mastered in a recording studio.
4. **Capture**. Shy performance LIVE at your event. (You can also add Video Capture)
5. **Conclude**. We'll email you an MP3 version of the poem for your memento. (You can be mailed a hard copy of the USB/CD/DVD, with custom label & frameable lyrics sheet.)

"Tailor-Made Poetry that Suits Your Romantic Event"

With the power of music, personalized lyrics, and emotion the ambiance of your event will be set! Although the quality and experience as such is priceless, we've tried our best to provide an affordable price breakdown.

That's the standard rate for a testimony like this,

"I never knew that someone could possibly vocalized poetically our love in such an elegant fashion that would bring me to tears as I listen to words spoken about our story individually and as one. Thank you."

Also Available Upon Request:

Video Capture – Allow Shy & her own Videographer to capture the entire performance for an additional \$250
